Standing Group of Experts on ASF in Europe under the GF-TADs umbrella

# COVID 19 and Slovak Republic

Situation: 28.4.2020- 1 384 infected, 20 dead, 423 people recovered (75 866 tests)

The role of SVFA- CVO is an active member of departmental crisis staff. SVFA issued a special guidelines how to prevent the introduction and spread of COVID-19 into the farms as well as into food production establishments. Guidelines issued

- a) for farmers
- b) for FBOs

Animal health, animal welfare, food safety and animal movement ( certification) must be guaranteed during this difficult period without stopping and negative impact to animals and availability of food for Slovak citizens

Slovak veterinary service ( State veterinary nstitute) is involved in the system of laboratory diagnostics of corona virus in humans

In Slovakia , we have mastered the dignostic of coronavirus in animals and food

ASF- surveillance activities- have not been stopped, performed in a „normal“ modus as described in eradication plan of ASF for Slovakia taking into account different sampling schema for different parts of Slovakia ( free zone, buffer zones, part I, part II- as described in CID 2014/709/EC)

# THANK YOU
