Epidemiology Network for West Eurasia: EPINET

*Regional FMD
roadmap meeting
in Shiraz, Iran
March 2019*

OBJECTIVES: 3rd Meeting for Epidemiology and Laboratory Networks for West Eurasia Region (1/2)

*The **specific objectives** of the meeting are to:*

- **share information** on the **current FMD situation** in the region and identify challenges;
- strengthen the **engagement of the regional Epidemiology and Laboratory networks** in capacity building programmes for FMD control in the region;
- update membership of the Epidemiology and Laboratory network Leaders and regional leading laboratories;

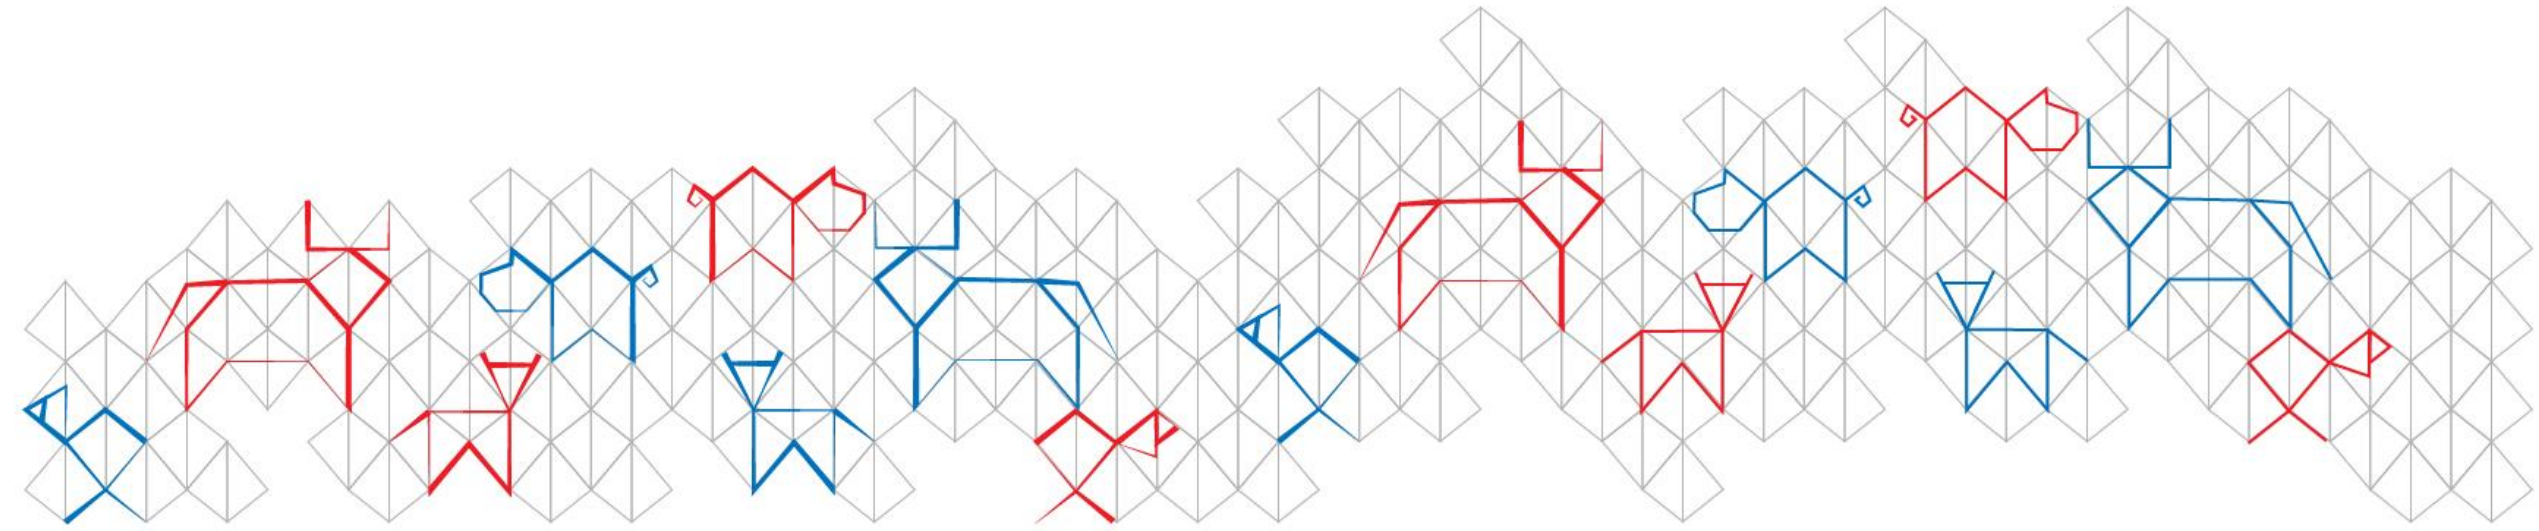

OBJECTIVES: 3rd Meeting for Epidemiology and Laboratory Networks for West Eurasia Region (2/2)

- develop **biennial regional Epidemiology and Laboratory networks workplans** for 2021-2022;
- set the methodology for **linking the Epidemiology and Laboratory networks** for continuous **support to the national and regional objectives** for FMD control;
- provide an overview of FMD **vaccines** and **diagnostics** used in the region, and where relevant globally, and
- introduce the **Self-Assessment Tool (SAT)** for monitoring progress and assessing national capacity on implementation of the FMD control strategy.
