Additional activities

Specific activities linked to additional movements of pets / wildlife as a consequence of the conflict in Ukraine:

- Greece **does not** allow the entry of stray animals and animals from shelters into its territory under the flexibility regime.
- petsukraine@minagric.gr is the contact information of competent authorities in Greece to be used for non-commercial movement of pet animals travelling with their owners from Ukraine or with EU citizens currently in the Russian Federation or Belarus wishing to return to the EU with their pets in emergency circumstances.
