Outline

1. Background
2. Workshop Objectives
3. Expected outputs/learning outcomes
4. Programme brief and delivery modality
5. House keeping announcements

Background

- **Project: "OIE Strengthening Veterinary Paraprofessional (VPP) Competencies" , 2019 - 2022**

- Virtual sub-regional workshop for veterinary workforce development and VPPs in the Asia Pacific in 2021

- **Project: “Strengthening Veterinary Workforce Development through regional capacity building” , 2022 – 2027**

- **Objectives**

Strengthen the enabling environment for the effective integration of VPPs into the veterinary workforce.

Contribute to strengthening national Veterinary Services and ensuring they are better enabled to deliver their core functions

Support the One Health approach, and facilitate early detection and reporting of biothreat pathogens and diseases of security concern.

- Sub-regional workshop for Eastern/Southern Africa
- **It is in this context that this workshop has been organised**

Upcoming activities:

- Sub-regional workshop for Central Asia and Eastern Europe
- National workshops
- PVS Pathway activities (e.g. Gap Analysis, VLSP, support to VSB, etc.)
- Curriculum review and reform
- Development of Tools (e.g. on Veterinary workforce assessment, VSB Support, Curriculum support, etc.)
- Regional thematic workshops
- Etc.

The workshop objectives

- To facilitate participants, build knowledge and understanding of factors contributing to veterinary workforce development
 - Understand the elements contributing to an enabling environment for effective use of different cadres of personnel in the workforce
 - Become familiar with the regional context of veterinary workforce and VPPs
 - Understand steps that can be taken to develop workforce planning and VPP integration
 - Gain awareness of WOAHA capacity building in support of veterinary workforce development, including through the PVS Pathway and use of VPP competency and curricula guidelines and support for public-private partnerships
- To facilitate participants, develop interest in veterinary workforce planning
 - Become familiar with how to create a VPP enabling environment at the national level
 - Discuss collaboration/coordination between vets and VPPs in Veterinary Service

Participant learning outcomes

- Improved knowledge and understanding of WOAHP Pathway and enabling factors related to veterinary workforce development and VPP integration
- Increased interest and knowledge on improving legislation, regulation and education related to veterinary paraprofessionals

Programme brief

Day 1

- **Session 1: Opening and introduction.**
- **Session 2: WOAHA activities and the Capacity Building Programme.**
- **Session 3: Country testimonies on veterinary workforce: perspectives from veterinary authorities on utilisation of veterinarians and VPPs in veterinary services**

Day 2

- **Session 4: Veterinary and VPP Education**
- **Session 5: Veterinary workforce development**

Day 3

- **Session 6: Veterinary legislation & regulation**
- **Session 7: Public-Private Partnerships and Building consensus on the need to initiate veterinary workforce planning & recommendations on the way forward**

Rules of engagement

Time management – need to observe time as we have many group works and heavy agenda

Laptop – for group work, if appropriate. Flip chart paper can also be used for group discussions

Group photo before tea break

Mobile phones to be switched off or in silent mode

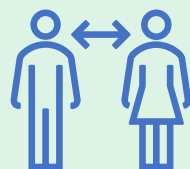

Expected to be participatory and everyone's active participation will be key to the success of the workshop. Respect each others opinion.

For in house participants dinner not covered but from your perdiems.

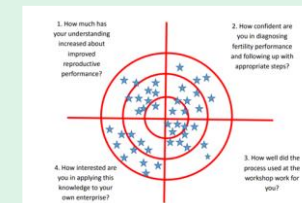

Welcome reception offered to all participants on Tuesday.

Please use common sense to respect social distancing and health protocols, e.g. if sick or at risk

Permission for presentation copies and photos to be shared. To notify if not to be shared.

Thank you
