Content

- A. PPP in the veterinary domain
- B. What are WOAHA Tools for building PPP capacities ?
- C. How can YOU receive PPP Targeted Support from WOAHA?

Diversified workforce required in the veterinary domain

Improved delivery of **initial and continuing education** for veterinarians, veterinary paraprofessionals and CAHW

Synergist work Sufficient Animal Health services providers: Veterinarians, Veterinary Paraprofessionals, Community Animal Health Workers

Diagnostics, Research and development of area specific veterinary inputs and highly skilled manpower development

Reliable Supply chain: Manufacturers, Importers and Distributors of veterinary inputs (vaccine and medicines), livestock and livestock products, exporter of value-added livestock products

Awareness creation among **Farmers, producer association, livestock entrepreneurs** and industries

Public Health Robust trade infrastructure: Traders, Processors for Value added livestock products

WOAH defines PPP as ..

“Public-private partnership is a joint approach in which the public and private sectors agree responsibilities and share resources and risks to achieve common objectives that deliver benefits in a sustainable manner.”

WOAH Objective on
Partnerships

To support Members to develop, *if and when relevant*, sustainable Public-Private Partnerships (PPPs) for strengthening Veterinary Services

PVS Pathway: PPP Targeted Support

Performance of Veterinary Services Pathway

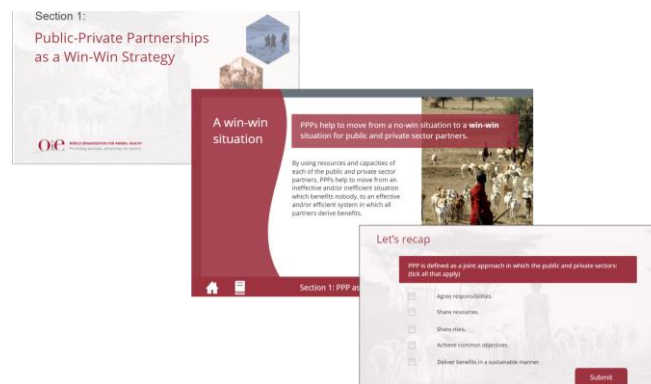

Building partnership capacities

How to get PPP Targeted Support from WOAAH

1. Any WOAHA Member, that has completed a PVS Evaluation, Follow-up or GAP mission in the last 5 years, may send a request to WOAHA for PPP Targeted Support based on the recommendations around specific competencies areas addressed in the report.
2. WOAHA PVS Experts will extend the targeted support.

PPP Targeted Support will facilitate the following:

1. Understanding the key factors that enable successful PPP
2. Exploring the need for PPP, and benefits and positive impacts to be achieved
3. Determining the type of PPP, partners and governance
4. Identifying resources to plan and run PPP
5. Creating a business case, programme and project management
6. Stakeholder engagement
7. Address barriers to implementation in PPP projects
8. Monitoring and Evaluation of PPP projects

The Way Ahead

1. Partnerships among Public and private players strengthen veterinary workforce in the country.
2. World Organisation for Animal Health (WOAH) is working to support its Members to develop, if and when relevant, sustainable Public-Private Partnerships (PPPs) to strengthen Veterinary Services.
3. Explore the PVS Targeted Support : Public-Private Partnership
