### IUVENE, the National Reference Centre for Urban Hygiene and Non-Epidemic Emergencies become operational

IZSAM G.CAPORALE TERAMO

### ... with the support of the CSN ...

The **CSN** is a department of the **"Information Technology Laboratory" (**IT Lab) of IZSAM.

Its main projects are Italian National Database of the Livestock Registry (BDN), and other Vet. Information Systems.

For all CSN's software applications, users can obtain a competent support calling the Help Desk via a toll free number 800 082280. The service is available from 8:00 to 20:00 from Monday to Friday and on Saturday from 8:00 to 14:00.

tro di Referenza Nazionale

### ... GIS and other IZSAM structures

CSN staff works in close collaboration with other departments, especially:

- "Software Development" and "Telematics" (IT Lab)
- "Risk Analysis National Reference Centre", "
   "Epidemiology", "Statistics and GIS" (in COVEPI Lab)

- Help Desk service
- Reports about farm and livestock in affected area
- Maps
- Data Forms to collect information from help desk and inspection activities
- Farm Search mobile App
- IUVENE Information system

ntro di Referenza Nazionale

### **Help Desk**

 Thanks to the existent help desk, CSN was immediatly able to set up a dedicated Help Desk, in order to receive calls relating to public veterinary health and food safety issues, available to all citizens

 This service was active every day, including Sunday, from 8:00 to 20:00, accessible via a toll-free number and a dedicated e-mail address.

- Help Desk service
- Reports about farm and livestock in affected area
- Maps
- Data Forms to collect information from help desk and inspection activities
- Farm Search mobile App
- IUVENE Information system

- The CSN provided right away detailed reports on the state of the livestock in the affected areas, using Italian National Database of the Livestock Registry (BDN).
- These reports, provided to Interregional Technical Committee (CTI) involved in the management of the emergency, proved to be a very useful tool in planning the interventions to be carried out on the territory.
