for Balkan countries (SDB2)**
Tirana / Albania – 14-16 June 2016

**Country Report on National Stray Dogs situation
Report from Kosovo**

Dr .Berat Hoxha
Animal Health and Welfare Directorate
Food and Veterinary Agency

I. Understanding country situation

- What is the current situation with regards to stray dogs in your country?
- We have problem with stray dog in territory of Kosovo ,number of stray dog from 2014 are going down. Some municipality have project for sterilisation and vaccination of stray dog .
- What progress have been achieved since June 2014 to assess the situation? (dog survey? Improvement of the legal framework? Etc)
- Some municipality start to implement stray dog control .
- What are the remaining challenges to assess the situation?
 - Information about stray dogs and dogs with owners
 - Education and information dog shelters ,pet owners and pet shops .
- What are the proposed next steps?
 - After come in force the regulation we start to licence dog shelter.
 - We start information and education with oie public awareness materials

Visit of dog shelter by schoolchildren

II. Control measures

- What progress have been achieved since June 2014 to control stray dogs?
- **DRAFT REGULATION (GRK) - No. XX/2015 FOR ANIMAL SHELTER**
- (This regulation defines technical conditions to be met for shelters, animal welfare conditions in shelters, procedures of euthanasia, record keeping methods, monitoring methods form and content of the record as well as registering method for information required for registration.)
- We draft regulation for identification and registration of dogs
- This two draft can we implement after come in force new veterinary law.
- We meet the responsibility persons in municipality and we discuss about OIE campaign .
- What are the remaining challenges to control stray dogs?
 - Identification and registration
 - Shelter dogs
 - legislation
- What are the proposed next steps to control stray dogs? (and the management of dog population in general)
 - To improve the control program
 - Assistance for stray dog , castration and sterilisation
 - Training of private veterinarian

III. Monitoring and evaluation

- Do you monitor and evaluate them?
 - Yes
- What progress have been achieved since June 2014 to monitor and evaluate them?
 - increase animal welfare in dog shelters
 - decreases number of stray dogs.
- What are the remaining challenges to monitor and evaluate them?
 - Inspection and control
- What are the proposed next steps to monitor and evaluate them?
 - Inspection and control

IV. Rabies dimension

- How has the rabies situation evolved in your country since 2014 (in dogs; in wildlife; in humans)?
 - We don't have any case of Rabies
 - IPA project we vaccinate wildlife animal about rabies .
- Do you have rabies control programme(s) in place in your country?
 - Yes , we vaccinate since 2002 dog .

IV. Conclusions and future needs

- Overall, do you consider that your country is in compliance with OIE standard on Stray Dog population control in terms of:
 - Assessing the situation
 - Controlling the situation /yes ,partially (some municipality financial)
 - Monitoring the situation.
 - Yes we start to improve
- Do you need external aid to address the weakness(es) with stray dogs in your country?
 - Yes
- Do you have any comment on the national Report prepared by OIE and IZSAM?

Thank you for your attention!
