## 1. CONTEXT

### 1.1 BACKGROUND

The World Organisation for Animal Health (WOAH) whose statutory name is “Office International des Epizooties”, was created on the 25 January 1924. Its headquarters is based in Paris. It comprises 183 Members and is present on all continents through 13 Representations or Bureaus in total.

WOAH an intergovernmental organisation subject to public international law. It is responsible for improving animal health worldwide. The standards it develops for the trade of live animals and products of animal origin are recognized by the World Trade Organization as reference international sanitary rules. ([Home - WOAH - World Organisation for Animal Health](#)).

WOAH has created five Regional Commissions to reflect on the varying challenges facing its Members in the different regions. The Regional Commissions for Europe is composed of 53 Members. WOAH provides regionally adapted services and technical expertise to its Europe’s Members through the Regional Representation in Moscow, and two Sub-Regional Representation, in Astana and Brussels.

Over more than a decade, the implementation of international standards to address animal welfare challenges has been a priority for WOAH Members in the Europe Region. The need for a regional mechanism aimed at improving animal welfare in Europe and enhancing regional dialogue was raised on several occasions by WOAH Members during Regional Focal Points seminars for animal welfare and meetings of WOAH Regional Commission for Europe.

This progressively led to the preparation of a Concept Note for WOAH Platform on Animal Welfare for Europe (hereafter referred as the ‘AW Platform’), which was discussed during the 25<sup>th</sup> Conference of WOAH Regional Commission for Europe in Fleesensee (Germany, 2012) and then unanimously adopted by WOAH Regional Commission for Europe during the 81<sup>st</sup> General Session of the World Assembly of WOAH Delegates in Paris (France, 2013). The Concept Note include provisions for the establishment of the Platform governance (Steering Group, and Secretariat held by WOAH Sub-Regional Representation in Brussels) and the development of a 3-year Action Plan which would be mainly funded by the European Union. In addition, the Regional Commission for Europe during 29<sup>th</sup> Regional Conference (in 2020) adopted the Terms of Reference of the AW Platform further defining its functioning and programmatic approach.

The long-term objective of the AW Platform is to improve animal welfare in Europe through activities which will assist WOAH Members in Europe, particularly in Eastern Europe, to progressively comply with standards on animal welfare and, when relevant, animal health. The activities of the Platform are targeting clusters of WOAH Members in Europe grouped by specific country’s needs and relevance of the priority topic.

The AW Platform has completed the implementation of the first Action Plan (2014-2016), second Action Plan (2017-2019) and third Action Plan (2021-2023). The implementation of the fourth Action Plan (2024-2026) is ongoing. The desired impact of the current Action Plan is to improve animal welfare in Europe through the identified priority topics: slaughter, transport, stray dog population control, the welfare of animals in disasters and working equids. The outcome objective is to progressively improve the compliance of WOAH Members from the region of Europe with WOAH Animal Welfare standards as well as guidance on emergency preparedness. The fourth Action Plan ensures the continuity with the previous Action Plans by building upon their achievements and focuses on strengthening WOAH Members’ involvement in the development of standards and the regional collaboration towards its implementation. The Action Plan is, however, a living and flexible document and adaptable to evolving animal welfare priorities and needs of WOAH Members in the region.

The Platform is now a well-established mechanism, well recognised in the whole region, fully in operation and benefitting from regular funding from a growing pool of resource partners. To improve the quality of the monitoring and evaluation of the AW Platform, it has been decided to upgrade the existing monitoring and evaluation system. This system is a key element of the AW Platform as its main objective is to measure the impact of the AW Platform activities.

## 1.2 PURPOSE

Considering the political and financial interest and support that the AW Platform generates, in line with the 2023 evaluation of the AW Platform recommendations, WOAHA deemed timely to launch a revision of the existing monitoring and evaluation system, to identify the strengths and weaknesses and to upgrade the system to have a better grasp on the impact of the AW Platform at regional level. To support the AW Platform in this work it was decided to hire a consultant with expertise on monitoring and evaluation to assess the existing system and improve it by proposing a revised monitoring and evaluation system. This work on monitoring and evaluation needs to be aligned with WOAHA global monitoring and evaluation strategy.

The overarching objectives of the consultancy is to:

- Assess the current monitoring and evaluation system.
- Develop an improved monitoring, evaluation and learning system to include explicit lesson learning activities.

The information of the AW Platform can be accessed through a specific section of the [WOAHA Europe region website](#). Additionally, this portal displays a lot of information on the activities of the Platform and provides a better understanding of the work carried out. There is also the [WOAHA Europe X](#) account (@WOAHA\_Europe) through which the Platform Secretariat communicates relevant information to WOAHA Members.

The consultant will have access to information on the platform through the following methods:

- Interviews with: (i) the Secretariat of the AW Platform; (ii) members of WOAHA Engagement and Investment Department and Data Integration Department; (iii) a selected group of Members benefiting from the Platform's activities; and (iv) other stakeholders involved with the Platform.
- A desktop review (preliminary documents are listed on page 6).

## 2. DUTIES AND RESPONSIBILITIES

### 2.1 OBJECTIVES OF THE ASSIGNMENT AND SCOPE OF WORK

The overall objective of this consultancy work is to provide WOAHA and specifically the Secretariat of the Platform with an assessment of the current monitoring and evaluation system and propose an improved system.

Specifically, the consultancy aims at:

- i. Assessing the relevance, effectiveness and efficiency of the current monitoring and evaluation system.
- ii. Providing an improved monitoring, evaluation and learning system adapted to the 4<sup>th</sup> Action Plan of the AW Platform. The proposed system will need to consider the available resources (funds and staff).
- iii. Providing recommendations to support the implementation of the monitoring and evaluation system over time.
- iv. Contribute and participate to a workshop on monitoring and evaluation for the Steering Group of the AW Platform.

The consultancy will be supported by WOAHA AW Platform Secretariat jointly with WOAHA Headquarters, responsible for the conduct of the consultancy process (i.e. identifying the Consultant, finalising the methodology with the latter, and organising the work) as well as for the delivery of the final report (i.e. quality control of the draft and final reports according to agreed-upon criteria). They will also either assist or advise the Consultant with administrative, logistical and financial issues relevant to this work. The AW Platform Secretariat will provide technical and operational input to the Consultant during the consultancy process, ensuring access to all documentation, sources of data and information, coordinating comments on the draft report and preparing a consolidated management response.

The Consultant will be responsible for co-developing the methodology and conducting the work. In consultation with WOAHA, the Consultant will be free to review and expand its own framework, within the available timeframe and resources. The Consultant is responsible for providing all deliverables according to the agreed-upon structure within the validated schedule.

## 2.2 EXPECTED OUTPUTS AND DELIVERABLES

By the end of the consultancy, WOAHA expects to receive the deliverables described below.

1. **Timeframe for the assessment and the development of the updated monitoring and evaluation system:** this will include a detailed schedule of planned activities to make the assessment and the update of the monitoring and evaluation system, including the time required for the preparation of reports and the agreed monitoring and evaluation system update.
2. **Inception Report:** based on the desktop review, and exchange with relevant stakeholders, including WOAHA Members, the report should include a detailed definition of the scope of the assessment, a refined list of target Members and stakeholders to interview, and associated objectives to be achieved. A reviewed schedule of activities and deliverables should be included, as well as a preliminary structure for updated monitoring and evaluation system.
3. **Workshop:** Contribute to the organisation and participate with the AW Platform Secretariat to a workshop on monitoring and evaluation for the Steering Group of the AW Platform.
4. **First draft of the Final Report (draft report):** the draft report will be reviewed by the Platform secretariat and the Steering Group to ensure compliance with the Consultant TORs and circulated for comments among key stakeholders. The Consultant will be in charge of incorporating all relevant comments and suggestions.
5. **Final Report:** the final report will be prepared in English, following the validated structure (provide more detail if necessary), and in line with the consultancy TORs. It will include:
  - a. An evaluation of the existing monitoring and evaluation system of the AW Platform.
  - b. An improved monitoring and evaluation system adapted to the 4<sup>th</sup> Action Plan of the AW Platform.
  - c. Recommendations to guide the implementation of the monitoring and evaluation system.
6. **Presentation:** Major findings should also be provided in the form of a comprehensive PowerPoint presentation that will be presented at an online exceptional meeting of the Steering Group in December 2024.

It is envisaged that the assignment will have a duration of 40 working days and take place between June to December 2024 at the latest.

### 3. QUALIFICATIONS AND EXPERIENCE

The Consultant shall not have previous direct involvement in the management or delivery of WOAHA AW Platform, and should respond to the following minimal requirements:

- Proven experience (at least 5 years) in monitoring and evaluation at regional or international level;
- Strong analytical and research skills (document review, ability to synthesize solid evaluative findings out of raw evidence);
- Excellent command of written and spoken English;
- Excellent communication skills both orally and in writing;
- Working experience in monitoring and evaluation related to the veterinary sciences and institutional strengthening, in particular to animal welfare related issues (not limitative but considered as important asset).

### 4. WORK ARRANGEMENTS

#### 4.1 ORGANISATION OF THE WORK

The main interlocutors for the consultancy will be the secretariat of the AW Platform and WOAHA Engagement and Investment department, with the contribution of the Members and stakeholders of the AW Platform and any other relevant people as needs arise.

For budget constraints, travel to the field will be limited; the consultancy structure will be the following:

- A preparatory phase, to finalise the evaluation TORs and schedule (through a kick-off video-conference workshop with WOAHA);
- A desktop review, which should ensure the delivery of an inception report to ensure understanding of the context and alignment with the TORs.
- An interim meeting (videoconference) will be scheduled before entering the next phase.
- Analysis and construction phase, which should ensure the delivery of a draft report to be circulated for comments to relevant stakeholders, including donors. This phase will include the organisation of the workshop and interviews of relevant Members and stakeholders that could contribute to identify the expectations.

- The finalisation of the report, incorporating comments deemed appropriate and developing, along with the finalised report, a short summary of main findings in presentation format (e.g. PowerPoint).

English will be the working language for written report and oral presentations / discussions.

#### **4.1 PAYMENT SCHEDULE**

Payment will be issued by WOAH upon validation of the deliverables and upon receipt of an invoice:

- Twenty percent (20%) of the contract value will be paid upon delivery of the background documentation review.
- Fifty percent (50%) of the contract value will be paid upon reception and validation of the draft of report.
- Thirty percent (30%) of the contract value will be paid upon reception and validation of the final report.

#### **5. STRUCTURE OF THE RESPONSE**

Interested Consultants(s) are invited to submit a proposal including the following documents:
