## One Health Partner Platform Meeting Europe and Central Asia

### Outcomes

#### ◀ **Criteria for selecting priority countries for support**

- Countries with a strong political support and commitment
- Sustainability and chances of success
- Countries that can catalyze efforts to other countries in the region
- Countries with health challenges in the human-animal-environment interface and limited response capacities
- Countries versus regions
- Co-financing from the country

## Outcomes

### ◀ Modalities and collaborative efforts to enhance coordination of support to Member States

- A. Enhance coordination of long-term planning at country and/or sub-regional level
- B. Enhance the “trust” between Partners through active exchange and info sharing
- C. Keep the Partner Platform open, dynamic and transparent for any Partner willing to support countries
- D. Work through existing government mechanisms at country level as entry points
- E. Use country strategies and action plans as the basis for Partners support
