

MED-VET-NET Network of Excellence
FP6-FOOD, 2004-2009

OneHealth EJP
Horizon2020 2018-2023

Participation in various EU Partnerships
(PAHW, SFS, AMR-OH, PP)
2023-2027

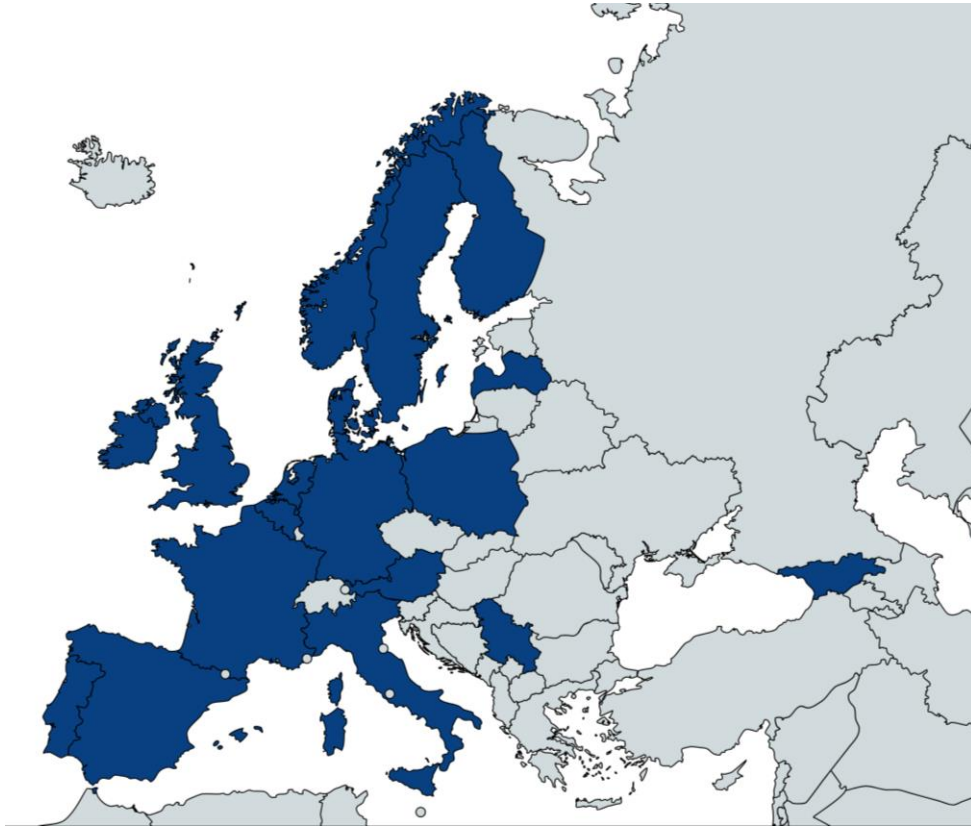

Future European One Health consortium?

Med-Vet-Net Association (2009-2024) – European One Health Association (from 2024)
Self sustained

EOHA
European One Health Association

- The Med-Vet-Net Association is an **integrated European network** of public and academic institutions with national reference functions in the medical/public health (Med) and food/veterinary (Vet) domains, **fostering One Health research** on zoonotic infectious diseases and AMR and pursuing integration of expertise and harmonization of methodologies to reinforce the joint EU capacity **to prevent, detect and control zoonoses and AMR**.
- 31 members from 18 European Countries

From MedVetNet to European One Health Association

Med Vet Net Association -> **European One Health Association (EOHA)**

Focus on mandate (Europe)

Broader scope (One Health: integration of “wider environment” sector)

Reminder of where we came from (Association)
