

Groupwork

Cross-Border Collaboration (CBC)

Mapping and prioritizing factors for CBC

(What) Objective:

Formulate two recommendations to improve CBC in the region

(How) Map and prioritize

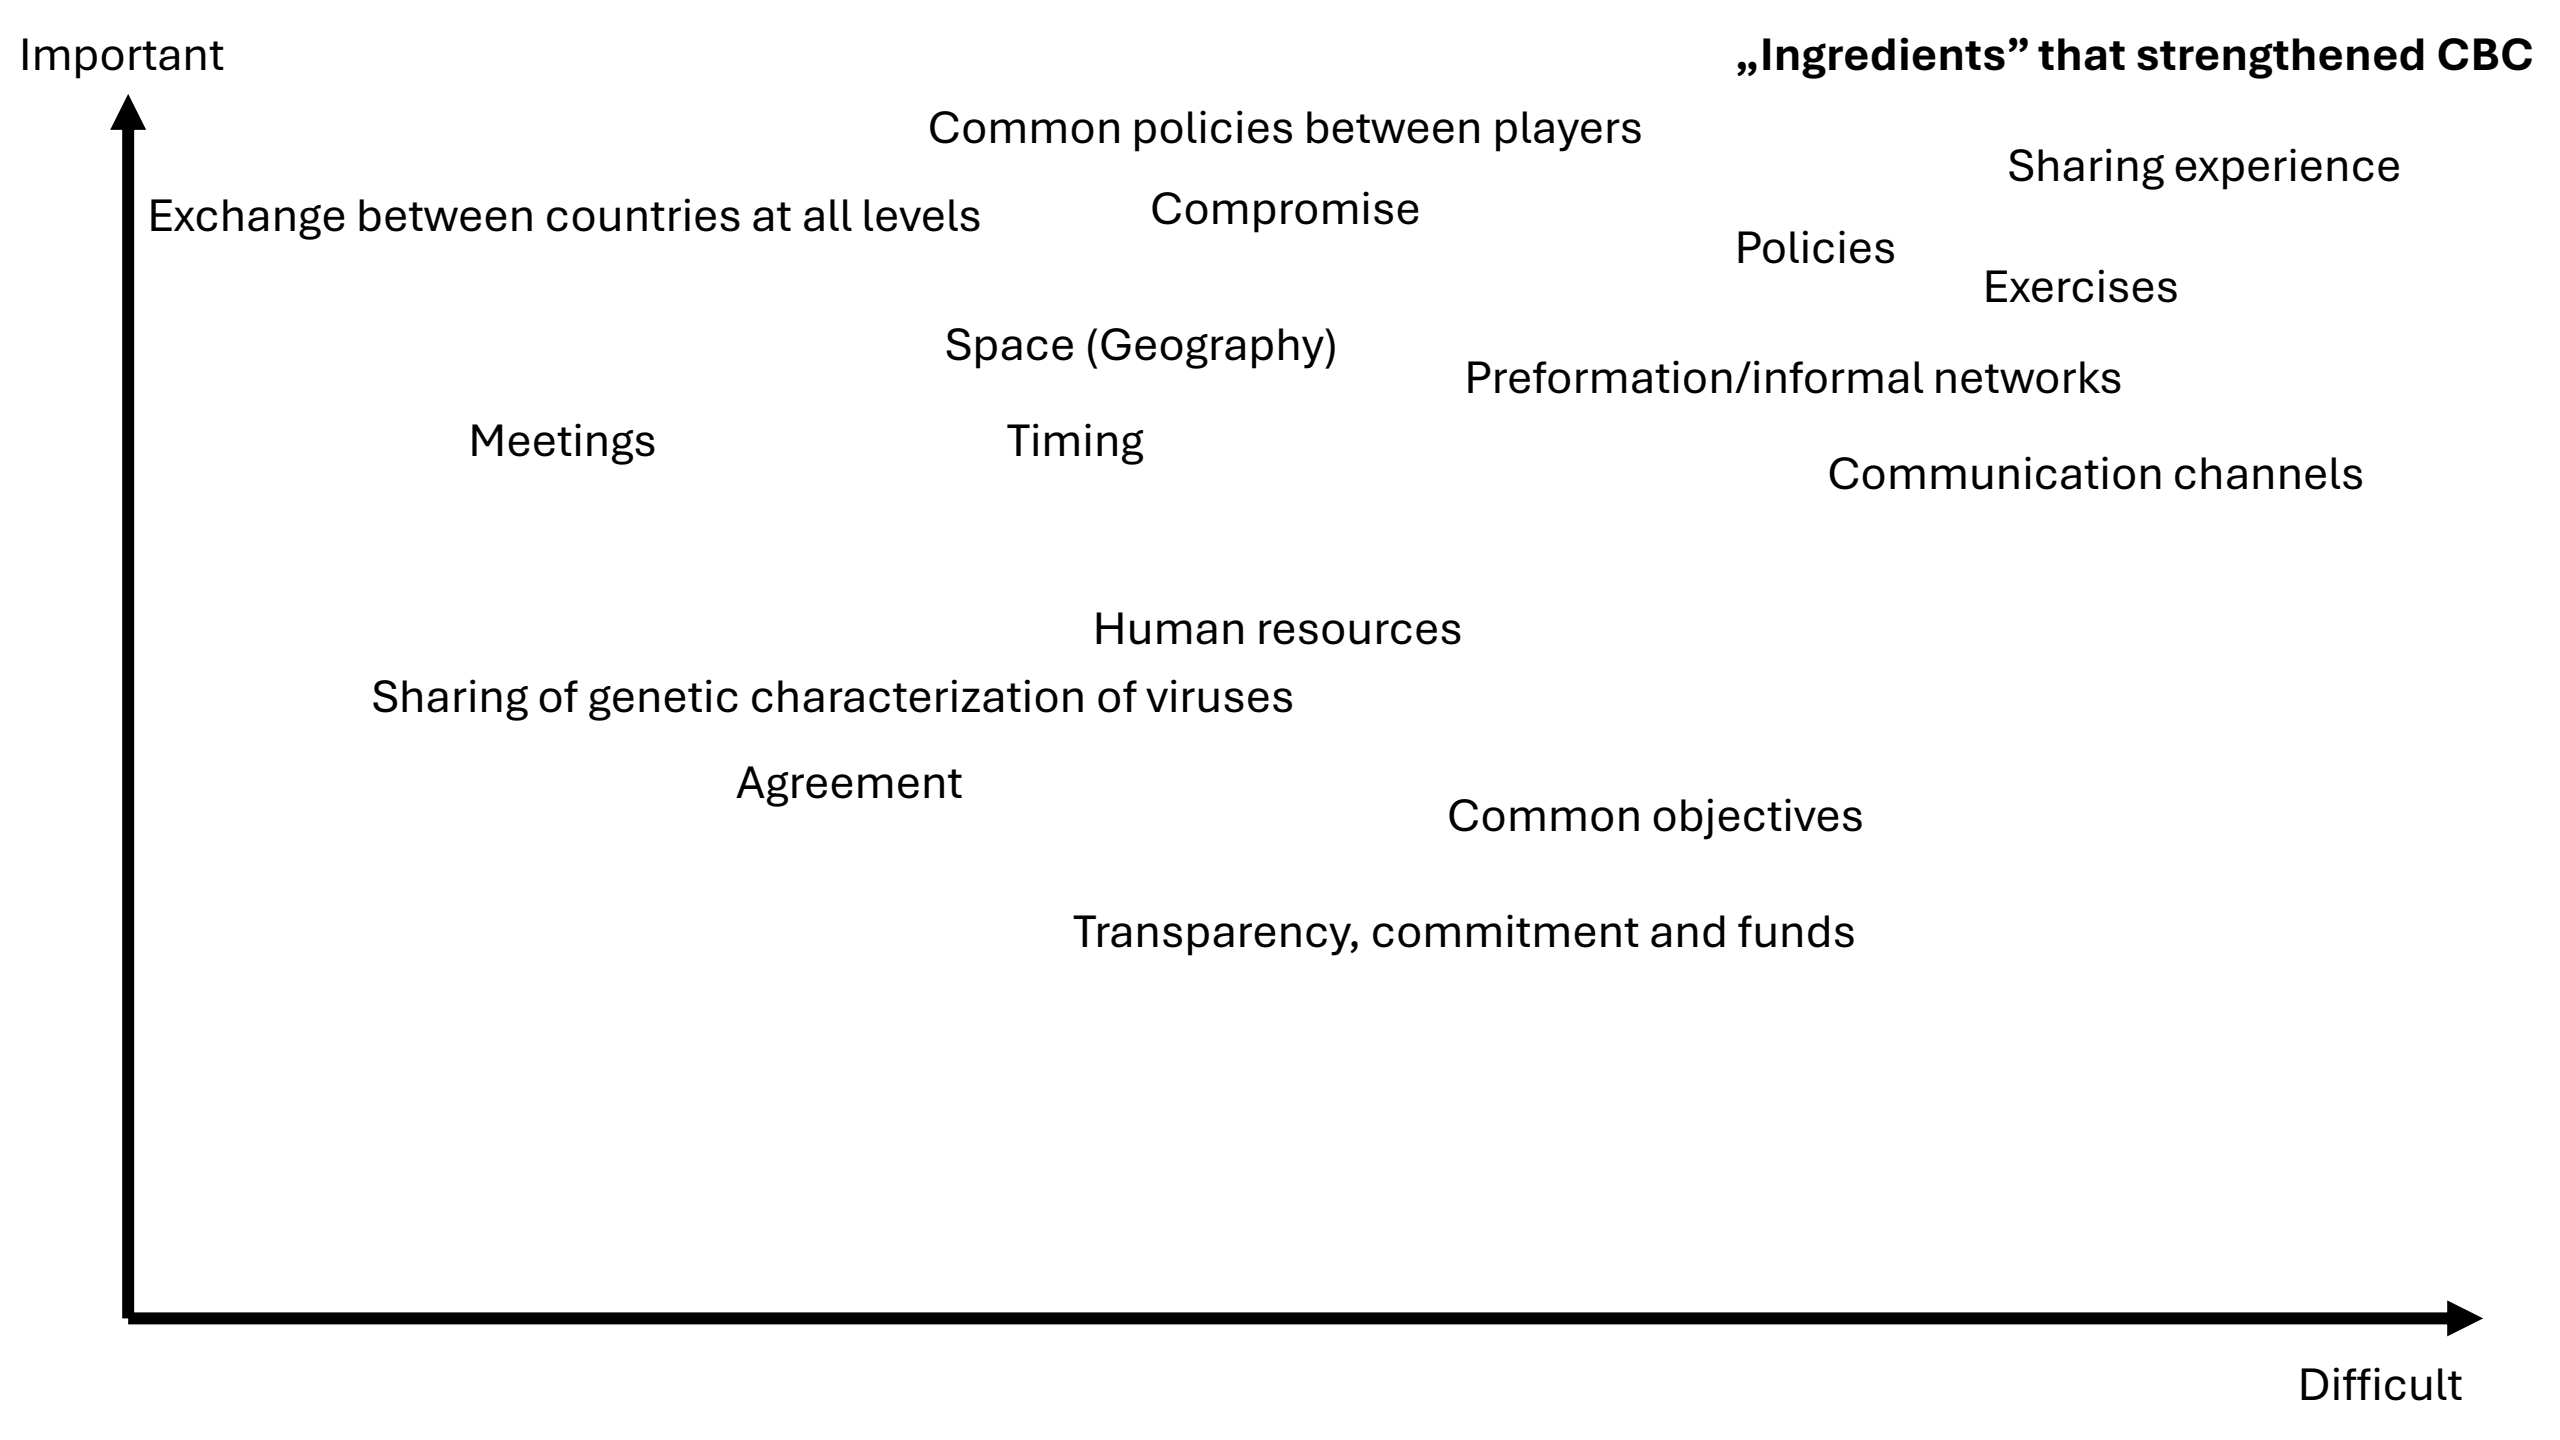

15 minutes on „ingredients” that strengthen CBC

15 minutes on „ingredients” that weaken CBC

(When) In the next 40 minutes

Lead questions for strengthening CBC

- What has worked in the past?
- What was needed to make it happen? E.g. resources, time, capabilities, networks or agreements?
- How has it improved ASF prevention and control?

Lead questions for weakening CBC

- What hasn't worked in the past that should have?
- What were the main reasons for this?
- How has it weekend ASF prevention and control?

Important

„Ingredients” that weaken CBC

Lack of experience, knowledge

Not notification of outbreaks – lack of transparency

Agenda of countries

SimEx

Lack of funds

Priorities in countries

No free capacities

Difficult
