Outbreaks

Outbreak	suspicion date	confirmation date	Suppressive vaccinatiom
1 – Kisbajcs	05.03	06.03	-
2 – Levél	25.03	26.03	27.03.
3 – Darnózseli*	01.04.	02.04	02.04.
4 – Dunakiliti*	01.04.	02.04.	02.04.

* contact holdings: were sampled twice (11.03 and 21-22.03)

Clinical signs in Kisbajcs

Stamping out and disposal of carcassess

Suppressive vaccination

- in the last 3 holdings
- immediately

Killing at the holding

• captive bolt and pithing

Disposal of carcassess

- transport in closed trucks, disinfection
- burial at dedicated sites

Tracing back and forward

Live animals:

- movements, contact holdings
- slaughterhouses, assembly centerMilk:
- processing establishments
- milk tankers
- whey as feed
- milk at the holding

Personnel:

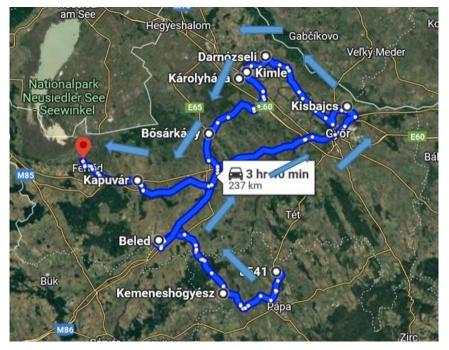

- workers
- veterinarian
- inseminator
- owner

Contact establishments	No			
Via milk tankers	12			
Drivers of milk tankers	2			
Via ABP transport	35			
Workers	2			
Via transport vehicles – assembly center	4			
Milkers	2			
Total	53			
Contracts of outbrook was 1				

Contacts of outbreak no. 1

Tracing back and forward

Tracing the route of ABP tucks

Semen

- from EU registered establishment
 Feed:
- TMR from approved establishment
- silage, hay

Bedding

• straw

Water:

tap water

ABP:

- contact holdings on the route of the trucks
- drivers

Most likely source of infections: human factor

Measures in place

All measures as desribed in CDR 2020/687

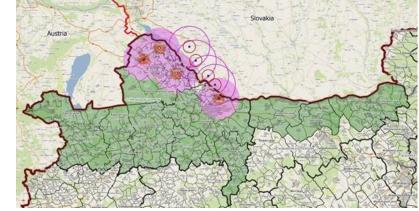

Prohibitions in the protection (3km) an surveillance zones (10 km)

- Movements of susceptible animals from and to establishments in the restricted zone
- Restocking of susceptible game animals
- Fairs, markets, shows and other gatherings of susceptible animals
- Collection and movements of semen, oocytes and embryos obtained from susceptible animals
- Itinerant natural service and artificial insemination of susceptible animals
- Movements of fresh meat (including offal) and meat products from susceptible animals from slaughterhouses or game handling establishments
- Movements of raw milk and colostrum and dairy products obtained from susceptible animals from establishments in the restricted zone
- Movements of animal by-products (eg. manure, hide and skins, wool)

Measures in place

All measures as desribed in CDR 2020/687

• Further restriction zone

 susceptible animals can only be moved to direct slaughter – sample taking, meat can only be marketed inland

Additional measures - highlights

- closed keeping of susceptible animals in the PZ and SZ, ban on grazing in all zones
- slaughter is encouraged in PZ and SZ samples
- no inbound movements of susceptible animals to the restricted zones, no transit
- disinfection of vehicles at the border crossings in the FRZ and within the zones
- no exhibitions or other gatherings of susceptible animals can be organised in Hungary
- touristic places (eg. zoos, wild game parks) keeping susceptible animals must be kept closed in the restricted zones

Sampling, sequencing

No. of holdings sampled	747
No. of wild animals sampled	304
PCR	14213
ELISA	44999

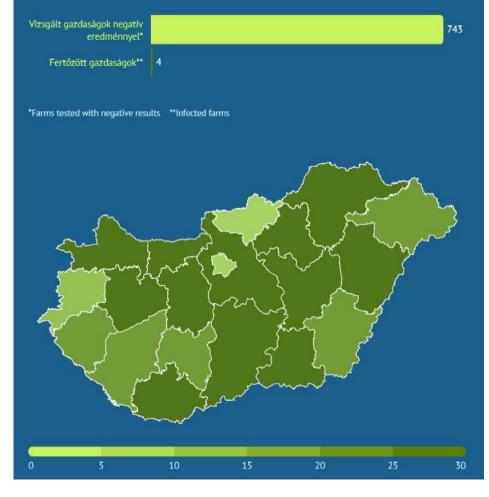

Sequencing:

O serotype

Its sequence shows the highest similarity with a strain isolated in Pakistan in 2017-18 (98-99%). The subtype of the strains is FMDV/O/ME-SA/Pan-Asia2/ANT-10.

Ragadós száj- és körömfájás járvány kapcsán elrendelt hazai intézkedések

Legutóbbi frissítés: 2025.04.03. 10:40

A betegség továbbterjedésének megakadályozása érdekében az országos főállatorvos rendkívül szigorú hatósági intézkedéseket rendelt el.

A védő- és megfigyelési körzeteket bemutató országos térkép, illetve az érintett vármegyét ábrázoló térkép, valamint a korlátozással érintett települések listája megtekinthető a <u>Nébih ragadós száj- és</u> körömfájás tematikus oldalán.

A ragadós száj- és körömfájással kapcsolatos, folyamatosan frissülő kereskedelmi információk elérhetőek a Nébih tematikus honlapján.

1. Valamennyi korlátozás alá eső területre vonatkozó intézkedések

- A korlátozott területekre tilos a fogékony állatok beszállítása.
- Az RSzKF-re fogékony állatok harmadik országokba, illetve más tagállamba történő kiszállítása bármilyen célra tilos.
- tilos minden állatfajt bemutató vásár, bemutató, rendezvény megtartása 2025. április 22-ig.
- National and local media
- Information to relevant stakeholders, producers' and farmers' organisations
- General public
- Thematic websitea: restrictions, measures, map, FAQ
