

# ПВС Программа

World Organisation  
for Animal Health  
Founded as OIE

# Программа оценки эффективности ветеринарной службы (ПВС)

*Непрерывный процесс, направленный на устойчивое улучшение соответствия ветеринарных служб и служб охраны здоровья водных животных международным стандартам.*

## Стандарты ВОЗЖ

### Кодексы

### Руководства

**Стандарты, направленные на улучшение здоровья и благополучия животных и ветеринарного здравоохранения**

# Программа оценки эффективности ветеринарной службы (ПВС)

- Комплексный, многоступенчатый процесс **устойчивого планирования** и **совершенствования потенциала** ветеринарных служб (ВС)
- Обеспечивает более полное **соответствие** международным стандартам ВОЗЖ по **здоровью и благополучию животных**
- Каждому этапу соответствуют конкретные мероприятия по **наращиванию потенциала**
- **Добровольный, управляемый страной процесс**, направленный на создание внутренних систем и ресурсов для обеспечения устойчивости
- **Широкий охват** - 142 страны, более 500 отчетов

# Программа оценки эффективности ветеринарной службы (ПВС)

## 1 ORIENTATION

- Orientation Training Workshops
- Lessons Learnt Workshops

## TARGETED SUPPORT

## 4

- One Health Integration (PVS/IHR)
- Veterinary Legislation
- Sustainable Laboratories
- Workforce Development
- Public-Private Partnerships

## PVS Pathway

## 2

## EVALUATION

- Evaluation: Terrestrial and Aquatic
- Follow-Up
  - Self-Evaluation
  - Specific Content: PPR, rabies, ASF

OPTIONS

## 3 PLANNING

- Gap Analysis
- Strategic Planning
- Workforce Assessment

# 1. Ориентация

## Цели ориентационного обучающего семинара: участники и не участники

- *Понять и лучше ознакомиться с программой оценки ПВС и ее преимуществами, а также с руководством ПВС (2024) и с водным руководством ПВС (2021)*
- *Рассказать о преимуществах использования программы оценки мероприятий ПВС и поддержка*
- *Лучше понять ожидания ВОЗЖ и экспертов по улучшению реализации*
- *Обмен опытом и извлеченными уроками в системе оценки ПВС*
- *Понять и более эффективно использовать данные и информацию, содержащуюся в отчетах программы Оценки ПВС, для принятия мер и адвокации*

Удаленная поставка:

- Онлайн обучение
- Вебинар

## 2. Оценка ПВС

## 2. Оценка ПВС

- *Использование руководства ПВС (2024) и (2021) в сравнении с международными стандартами ВОЗЖ*
- *Продолжительность 1-3 недели, 2-4 эксперта в команде, центральные и полевые визиты*
- *При наличии средств ВОЗЖ финансирует экспертов, страна - внутренние поездки и поддержку*
- *Рецензированный и утвержденный страной отчет*  
*Последующая миссия ПВС = система МО*

- Гибридный формат
- ПВС Спец. содержание

# ПВС Оценка

- Внешний, независимый взгляд ПВС экспертов
- Основано на фактах и доказательствах
- Выявляет слабые и сильные стороны в соблюдении стандартов ВОЗЖ
- Предлагает рекомендации по улучшению показателей VS/AAHS

Основа для создания механизма регулярного мониторинга и контроля общего уровня эффективности с течением времени  
Долгосрочное укрепление «горизонтальных» систем.  
**Цель процесса — наращивание потенциала.**

# Инструменты для эффективного управления Ветеринарными службами / Службами охраны здоровья водных животных

**Раздел 3 Кодекса**  
**Качество ветеринарных услуг**  
**Качество услуг по охране здоровья водных животных**

# ПВС Оценка

### 3. Планирование

### 3. Планирование

Цели анализа пробелов по ПВС  
(инструмент для оценки стоимости ПВС)

- *Определение и подтверждение приоритетов ВС страны*
- *Определить мероприятия, которые необходимо выполнить для достижения ожидаемых результатов*
- *Разработать ориентировочный расчет стоимости человеческих и физических ресурсов, необходимых для эффективной и результативной реализации определенных мероприятий*
- *Поддержка подготовки национальных инвестиционных программ*

### 3. Планирование

ПВС Программа также является инструментом мониторинга и оценки.

## 4. Целевая поддержка

## 4. Целевая поддержка

Необходимое условие для всех мероприятий целевой поддержки: **Оценка ПВС**

## 4. Целевая поддержка

- Remote delivery

- Remote and blended delivery

- **Программа поддержки ветзаконодательства ПВС:** предоставить странам возможность систематического пересмотра их законодательства в области ветеринарии. Этапы идентификации и согласования.
- **Миссия лабораторий устойчивого развития ПВС:** определить ресурсы, необходимые для создания устойчивой, эффективной и жизнеспособной национальной сети ветеринарных лабораторий.
- **МГП/ПВС НБВ (здравоохранение):** анализ и совершенствование сотрудничества между секторами общественного здравоохранения и ветеринарии в области взаимодействия животных и человека.
- **Частно-государственное партнерство (ЧГП):** оказать поддержку странам-участницам в разработке, если это целесообразно, устойчивых государственно-частных партнерств (ГЧП) для укрепления ветеринарных служб.
- **Развитие ветеринарных кадров:** определение потребностей в человеческих ресурсах с точки зрения компетенций, количества и распределения необходимого персонала. Включает анализ благоприятной среды: законодательства, регулирования и образования. Инструмент оценки трудовых ресурсов, поддержка учебных программ ПРБ, поддержка ВСБ.

- Что нового в программе ПВС?

# PVS Pathway

The PVS Pathway for the sustainable improvement of national Veterinary Services and Aquatic Animal Health Services is our flagship capacity building programme. An independent and in-depth monitoring mechanism of the performance of these Services makes it possible to identify their strengths and areas for improvement, and to recommend solutions specifically adapted to each country for sustainable improvement and investment.

Overview Monitoring Performance Targeted Support Resources Reports

The Performance of Veterinary Services (PVS) Pathway empowers national Veterinary Services and Aquatic Animal Health Services by providing them with an extensive understanding of their strengths and weaknesses using a globally consistent methodology based on WOAH international standards on animal health and welfare. It provides a useful external perspective that can reveal gaps, inefficiencies and opportunities for innovation.

В программе ПВС появились новые веб-страницы и информационные панели

## PVS Reports

PVS Reports which are released for public distribution are available to consult. At the time of finalisation of each PVS Report, WOAH Delegates are invited to choose the level of confidentiality they wish to attribute to each PVS Report. Other reports are released to be shared with WOAH Partners & Donors only, or are designated as confidential with no distribution permitted, or may be shared through diplomatic channels to assist in their advocacy efforts. WOAH respects the level attributed to each report by the Delegate and encourages greater transparency in the performance of veterinary services for better compliance with international standards and improved access to markets.

PVS Pathway Engagement

# Digital transformation of the PVS Pathway

The Performance of Veterinary Services (PVS) Pathway (VCA) Report directly building programme for the sustainable improvement of national Veterinary Services and Animal Health Services, has transformed into the PVS Information System. Through the PVSIS, WOA has unlocked the data and insights contained in PVS Reports to allow more effective advocacy efforts for investment and sustainable funding and a deeper understanding of performance trends towards compliance with WOA's International Standards.

Improving Veterinary Services' performance through enhanced access to data and insights.

Engage PVS to unlock

## PVS Reports

A major output of many PVS activities is a report containing rich data and insights, presenting an objective evaluation of the performance of the Veterinary Services, depending on a particular topic of interest. The findings are endorsed by the country and the report may be made publicly available depending on the country's preference.

PVS Reports are used to:

- Enhance Veterinary Services and public health by implementing its recommendations and improve Veterinary Services strength and capacity
- Capacity building performance at regional and national level to address common challenges and common goals
- Develop projects for capacity building initiatives to obtain financial resources and grants and measure progress and trends over time
- Justify advocacy and shape policy and strategy at the ministerial level to change legislation, policy and regulations
- Support internal auditing, quality management, and as a tool for inspections
- Increase vigilance and reporting from partners and members
- Aid in formation of these partners & agreements

The PVS Reports Repository can be used to easily access any PVS Report, according to the confidentiality status assigned to it and against several filters, such as region, country, level of advancement, and Critical Competency, among others. Additional documents will be added to the repository in the upcoming stages of the PVSIS development.

### Search and View

The PVS Document Repository contains all PVS Reports designated as Public, Confidential and For Partners and Donors. In order to request a For Partners and Donors Confidential PVS Report, please use the **Request a Report** button.

## Global Performance Insights

## Data Extraction and Analysis

WOAH aims to extract a maximum amount of insights from each PVS Evaluation Report (i.e. Evaluation, Performance, Specific Content, Aquatic Evaluation and Aquatic Performance). Given the significant effort put forward by its Members and PVSIS since 2007, more implementation of every PVS Technical Activity and the development of each PVS Report. This is why WOA has developed a robust, simple, accessible and flexible tool to extract, process, and analyse all data from the strengths, weaknesses, and recommendations sections of each PVS Report. The tool is designed to be used by WOA staff and its Members to extract data from PVS Reports for various purposes, such as for research, analysis, and reporting.

Using the tool, various data are extracted and processed to allow users to explore and visualise the data in a way that is most useful to them. The tool is designed to be used by WOA staff and its Members to extract data from PVS Reports for various purposes, such as for research, analysis, and reporting.

## Data Confidentiality

In the development of the PVS Information System (PVSIS), WOA has been engaged to develop the PVSIS and its data. Given the significant effort put forward by its Members and PVSIS since 2007, more implementation of every PVS Technical Activity and the development of each PVS Report. This is why WOA has developed a robust, simple, accessible and flexible tool to extract, process, and analyse all data from the strengths, weaknesses, and recommendations sections of each PVS Report. The tool is designed to be used by WOA staff and its Members to extract data from PVS Reports for various purposes, such as for research, analysis, and reporting.

|-----------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| II-6 Disease prevention, control and eradication                                        | Appoint World Organization for Animal Health national focal point for wildlife, as wildlife plays a crucial role in the control of domestic animal diseases, and ensure their regular participation in World Organization for Animal Health regional focal point seminars. |
| II-4.A Passive surveillance, early detection and epidemiological outbreak investigation | Consider making PPR a notifiable disease in wildlife.                                                                                                                                                                                                                      |
| I-6.B External Coordination (including the One Health approach)                         | Design a procedure to improve external coordination with Ministry of Forestry and Water Affairs and other organisations involved in wildlife management.                                                                                                                   |
| II-4.B Active surveillance and monitoring                                               | Develop mechanisms to improve active surveillance of relevant diseases in the production sector, wildlife and for public health;                                                                                                                                           |
| II-4.B Active surveillance and monitoring                                               | Ensure that the national Veterinary Control and Research Institute has the full testing protocol for detecting antibodies against Peste des Petits Ruminants in wildlife sera and increase the collection of sero-surveillance data from wild life;                        |
| II-6 Disease prevention, control and eradication                                        | Establish proper collaboration with wildlife authorities, with the support of World Organization for Animal Health national focal point for wildlife, since wildlife plays a crucial role in the control of domestic                                                       |

# Какой вклад сможет принести программа оценки ПВС моей стране?

- Механизм регулярного **мониторинга** эффективности с течением времени, направленный на достижение соответствия международным стандартам ВОЗЖ

- Лучшее понимание сильных и слабых сторон ВС/СОЗВЖ
- **Высококачественные рекомендации** для формирования мышления и стратегического планирования
- Определение **приоритетов, задач, мероприятий и ресурсов**, необходимых для достижения целей, и представление **обоснований** для внутренней/внешней **финансовой поддержки**

## Какой вклад сможет принести программа оценки ПВС моей стране?

Конкретные потребности в **наращивании потенциала**, для которых ВОЗЖ может оказать поддержку: Лаборатории, Законодательство, Государственно-частное партнерство, Развитие трудовых ресурсов, Ветеринарные парапрофессионалы...

Приведенные аргументы **озвучивают проблемы**, с которыми сталкиваются сотрудники и заинтересованные стороны, и ресурсы, в которых они нуждаются

Приведенные аргументы **подтверждают** необходимость создания надежной и функциональной национальной ветеринарной службы и охраны здоровья водных животных

## Какой вклад сможет принести Система оценки ПВС моей стране?

Знакомство с **международными экспертами**, имеющими опыт работы с различными системами, их сильными и слабыми сторонами, дает участникам миссии возможность задавать вопросы и получать советы

Повышение **прозрачности** санитарного статуса с учетом внутрирегиональной и **международной** торговли

**Выявление и снижение рисков:** Позволяет выявить слабые места и принять меры до того, как они превратятся в серьезные проблемы

**Биологическая безопасность, профилактика и готовность:** Позволяет проанализировать возможности для предотвращения нежелательных результатов и быть готовым к их возникновению

**What we offer**

We oversee various programmes, both cross-sectoral ones and those focused on specific needs, to improve the capacities of Veterinary Services and Aquatic Animal Health Services. These programmes are designed to empower and guide countries in the development and implementation of sustainable national plans which go well beyond purely veterinary matters.

**Improving Veterinary Services**
