The WOAAH Capacity Building Framework

**The PVS
Pathway is a
Monitoring &
Evaluation
Framework AND
a capacity
building
programme, and
therefore can
support
informed
action &
accountability**

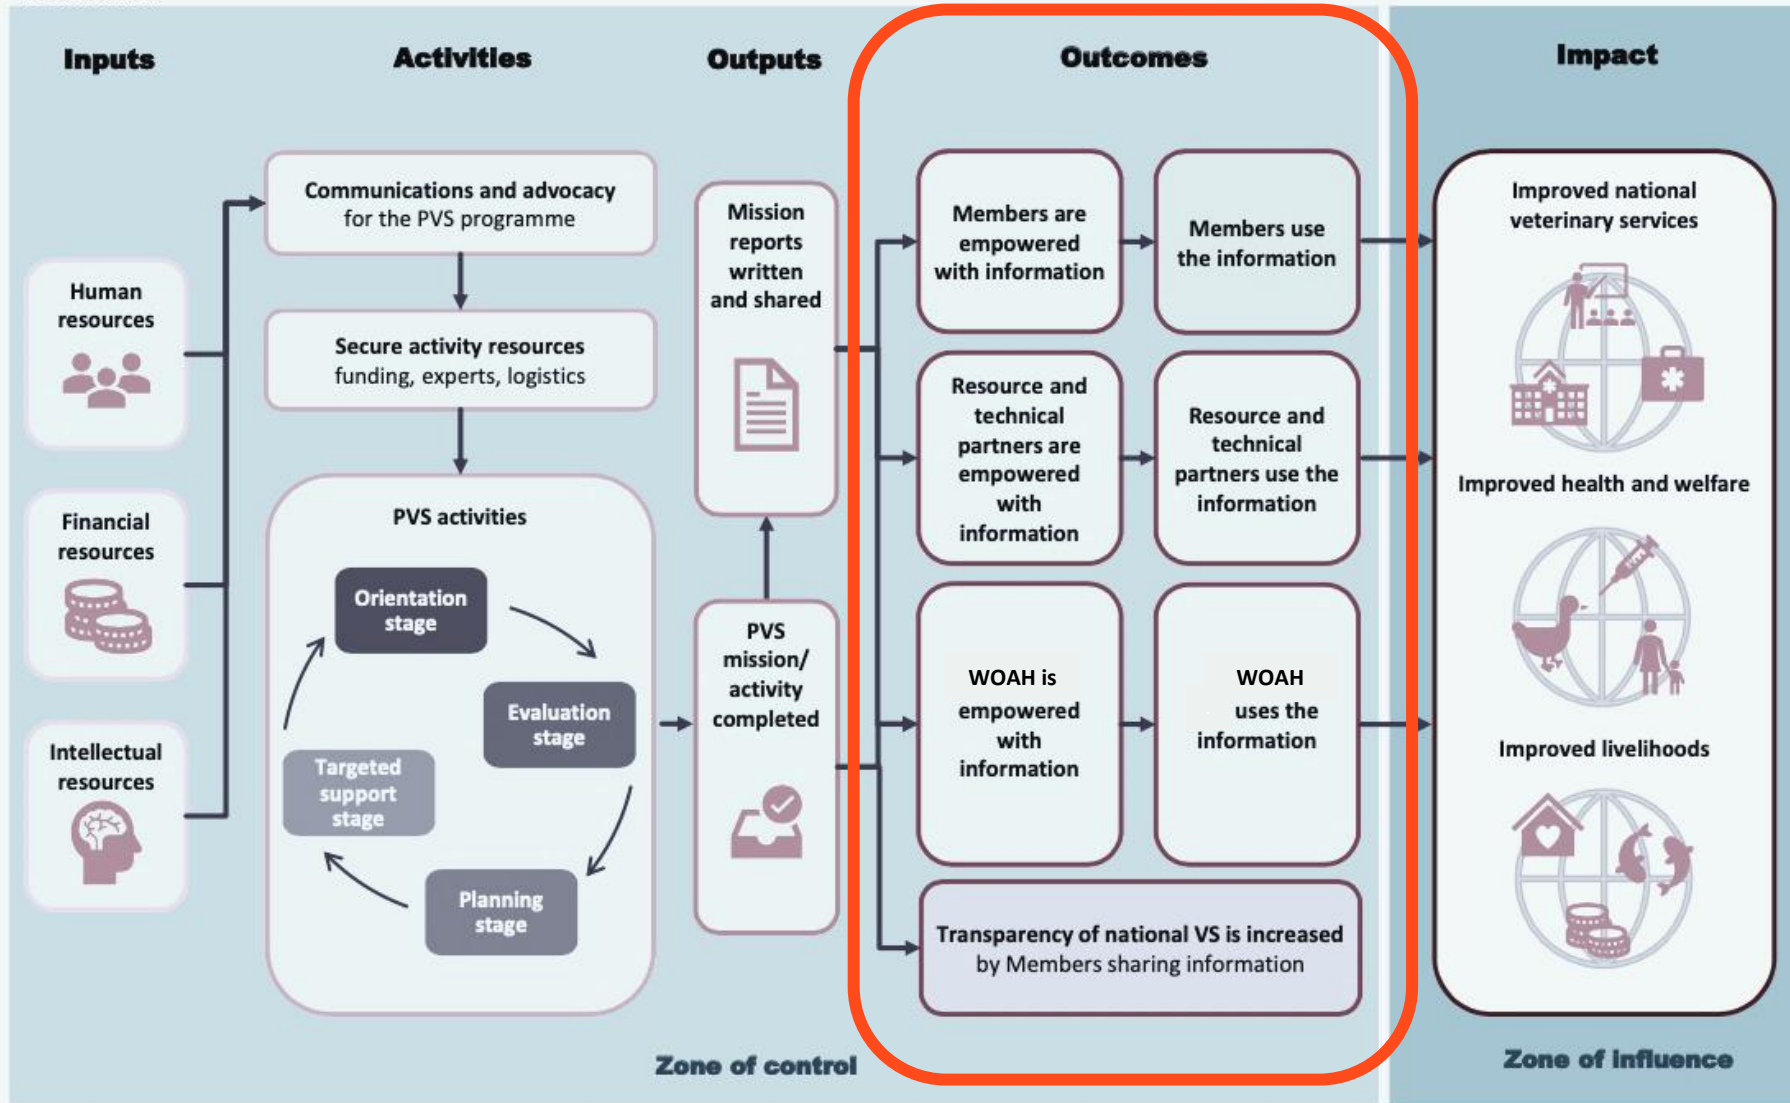

In order to show the impact of the PVS Pathway Programme, we are committed to measuring actions taken by Members **after** PVS Evaluation and according to recommendations made

PVS Pathway Programme THEORY OF CHANGE

December 2020

The PVS Pathway Programme provides voluntary, tailored supports to Members to externally assess the alignment of their Veterinary Services (VS) with the international standards for animal health and welfare. In doing this, it helps Members identify goals for improvement and provides tools for supporting and monitoring progress.

Conditions of success

- ✓ Voluntary, country-led approach
- ✓ Credibility of OIE and its standards
- ✓ Credibility of the PVS Pathway programme
- ✓ (For some Members) Option of keeping report confidential
- ✓ Funding available
- ✓ Experts available
- ✓ VS staff participate
- ✓ Support of OIE regional office
- ✓ Information is accessible, objective, accurate, credible, complete (holistic)
- ✓ Reports are audience-appropriate
- ✓ Stakeholders read/understand the reports
- ✓ Stakeholders know how to use the info
- ✓ OIE communicates success stories
- ✓ PVS Database*
- ✓ VS acknowledged as a global public good
- ✓ Members are willing to change
- ✓ PVS report travels to higher levels than the Delegate
- ✓ May require proceeding beyond Evaluation phase (e.g. to Targeted Supports)

The PVS Pathway's Theory of Change will demonstrate its outcomes and WOAH's impact

Pandemic Fund Results Framework

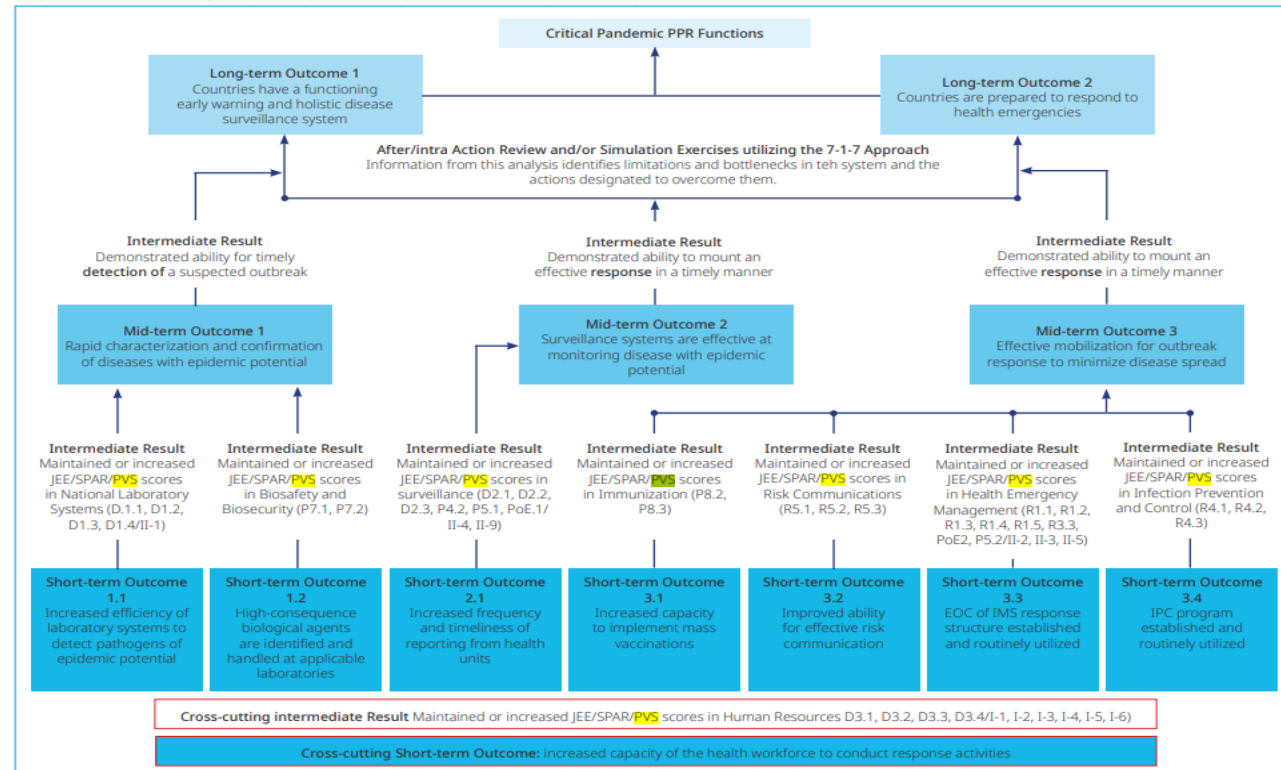

PVS Indicators added

What actions have Members taken since their last PVS Evaluation?

What benefits have they experienced as a result of their engagement in the PVS Pathway?

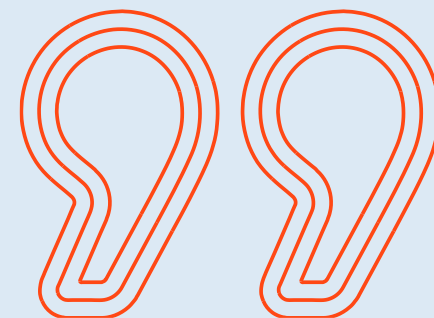

First-ever PVS Self-Assessment Annual Report Launched in 2025

So, how does the
PVS Self-Assessment
Annual Report work?

PVS Self-Assessment Annual Report:

- measures systematically any actions taken by Members following PVS Recommendations
- reminds Members to act over time
- incites advocacy for resource mobilisation

Members report on each recommendation and answer simple questions

- Bespoke questionnaire made of the recommendations made in **their** latest PVS Evaluation Report
- Only the most recent data is used (latest Evaluation recommendations)
- Required prior to all future PVS Follow-up Evaluations
- Each year, only recs not fully implemented will be included in PVS SAAR

Actions Taken, by Recommendation

 For each Critical Competency, the following recommendations were made in your latest PVS Evaluation. Please answer the questions about the actions taken related to each recommendation. Once you are done with the questions related to that recommendation, click "Next" to move to the next recommendation.

Delegate Name Ulugbek Kozhobergenov	Delegate Email ulukbekkojobergenov@gmail.com	Country Kyrgyzstan	Mission Sector Terrestrial
Mission Type Follow Up	Mission Year 2016	Language English	Report Confidentiality Status Public

Critical Competencies (47)

I-1A Veterinary and other professionals (university qualification)

I-1.B Veterinary para-professionals and other technical personnel

I-2.A Professional competencies of veterinarians including the OIE Day 1 competencies

I-2.B Competencies of veterinary para-professionals

I-3 Continuing education

I-4 Technical independence

I-5 Stability of structures and sustainability of policies

I-6.A Internal coordination (chain of command)

I-6.B External coordination

I-7 Physical resources

I-8 Operational funding

I-9 Emergency funding

Veterinary and other professionals (university qualification) (1 of 3)

Recommendation 1: Provide a clear distribution presentation of veterinarians by function and location.

How clear is the recommendation?

- ☐ Very clear ☐ Somewhat clear ☐ Neutral
☐ Somewhat unclear ☐ Very unclear

Have the Animal Health Services taken any actions based on the recommendation?

- ☐ Yes ☐ No ☐ In progress

Do you have any additional comments regarding the recommendation?

Recommendation 2: Develop adequate job descriptions at all levels according to the current Veterinary Services structure;

How clear is the recommendation?

- ☐ Very clear ☐ Somewhat clear ☐ Neutral
☐ Somewhat unclear ☐ Very unclear

Have the Animal Health Services taken any actions based on the recommendation?

- ☐ Yes ☐ No ☐ In progress

Do you have any additional comments regarding the recommendation?
