Breakout group exercise

"Cross-Border Coordination & Rabies Awareness"

Objectives

1. To discuss practical coordination of ORV campaigns across borders.
2. To reflect on Rabies surveillance in border areas
3. To exchange on Rabies awareness raising opportunities.

Expected outcomes: concrete mechanisms that could improve cross-border collaboration and/or potential hotspots or issues requiring further regional discussion.

Breakout group exercise

STEP 1: Warm-up: 2 Wooclap question to start reflecting.
All together *15min*

STEP 2: Discuss a few questions and identify one concrete action for each. 2 sessions x 20 *min each.*
In groups *60min*

30min break

STEP 3: Plenary. Presentation of main outcomes
All together *15min*

Steps

STEP 1 Warm-up: Brainstorming

Go to wooclap.com

Enter the event code in the top banner

Event code

URKHSDY

STEP 1 Warm-up: Brainstorming

Wooclap question 1

When a rabies case is detected near a national border, what is the first thing that should happen to ensure effective cross-border surveillance? Please provide one action only

Short answer with first thing that comes to your mind

Some ideas: Notification? Communication? Information sharing? Coordination? contact point? Joint investigation? Sampling? Vaccination?

STEP 1 Warm-up: Brainstorming

Wooclap question 2

If funding were secured, what would still be the main obstacle to better cross-border alignment of ORV campaigns?

Choose as many as prefer

- Different vaccination schedules
- Different campaign areas
- Administrative or legal procedures
- Coordination-communication between veterinary services from each country
- Operational/logistical constraints
- Other: add in comments

STEP 2: Group discussion

Session 2

Table 1: Poland - Moldova - Croatia – Albania

Meeting room 1

Table 2: Hungary - Bosnia & Herzegovina - Romania - Kosovo*

Meeting room 2

Table 3: Ukraine - Slovakia - Slovenia – Serbia - North Macedonia

Meeting room 4

**This designation is without prejudice to positions on status, and is in line with UNSC 1244 and the ICJ Opinion on the Kosovo declaration of independence*

STEP 2: Group discussion

Session 1

Table 1: Poland – Ukraine – Slovakia – Hungary

Meeting room 1

**Table 2: Slovenia - Croatia - Serbia - Romania -
Moldova**

Meeting room 2

**Table 3: Bosnia & Herzegovina - Albania -
Kosovo*- North Macedonia**

Meeting room 4

**This designation is without prejudice to positions on status, and is in line with UNSC 1244 and the ICJ Opinion on the Kosovo declaration of independence*

STEP 3: Plenary

Session 1

Table 1: Poland – Ukraine – Slovakia – Hungary

Meeting room 1

**Table 2: Slovenia - Croatia - Serbia - Romania -
Moldova**

Meeting room 2

**Table 3: Bosnia & Herzegovina - Albania -
Kosovo*- North Macedonia**

Meeting room 4

**This designation is without prejudice to positions on status, and is in line with UNSC 1244 and the ICJ Opinion on the Kosovo declaration of independence*

SESSION 1

Question A: ORV coordination

What concrete procedures or mechanisms could be changed/improved or introduced to improve the alignment of ORV campaigns across borders?

SESSION 1

Question B: Surveillance in bordering areas

How could we improve communication and coordination when a rabies case is detected close to our shared border?

SESSION 2

Improving Surveillance Systems: Raising Rabies Awareness

As a group:

- **Map the key stakeholders** who need to be reached, including those in border areas.
- **Identify (list) concrete awareness-raising actions** to strengthen their engagement in rabies surveillance (passive surveillance)
- **Develop specific actions** to increase hunters' engagement in passive surveillance.

STEP 3: Plenary

Topic	Key point	Outputs
ORV	Procedures/mechanisms we could improve	
Surveillance	Improvement to border communication/coordination	
Hotspot	Issues requiring further SGE discussion	

STEP 3: Plenary

Topic	Key points
Rabies awareness	Key stakeholders who need to be reached, including those in border areas.
	Awareness-raising actions to strengthen their engagement in rabies surveillance (passive surveillance)
	Specific actions to increase hunters' engagement in passive surveillance.
