GF-TADs

GLOBAL FRAMEWORK FOR THE
PROGRESSIVE CONTROL OF
TRANSBOUNDARY ANIMAL DISEASES

GF-TADs for Europe

Third Steering Committee meeting

Global / regional governance

Brussels – February 24-25 2010

Reminders GF-TADs

- GF-TADs Agreement signed in May 2004
- GF-TADs confirmed at the 32nd FAO Conference (12/2003) and endorsed at the OIE General Session (5/2004)

- Definition: Joint **FAO/OIE mechanism**, which combines the strengths of both organizations to achieve the **progressive prevention and control of animal transboundary diseases (TADs) worldwide** (WHO associated for zoonotic TADs), and in particular to address their **regional** and **global** dimensions. GF-TADs receives guidance from all stakeholders (policy-makers, donors, civil society, etc) involved in the field of animal health.

- Framework: FAO-OIE Chart of competencies and complementarities (Feb. 08)

Reminders GF-TADs

GF-TADs first implemented at the regional level (because of HPAI)

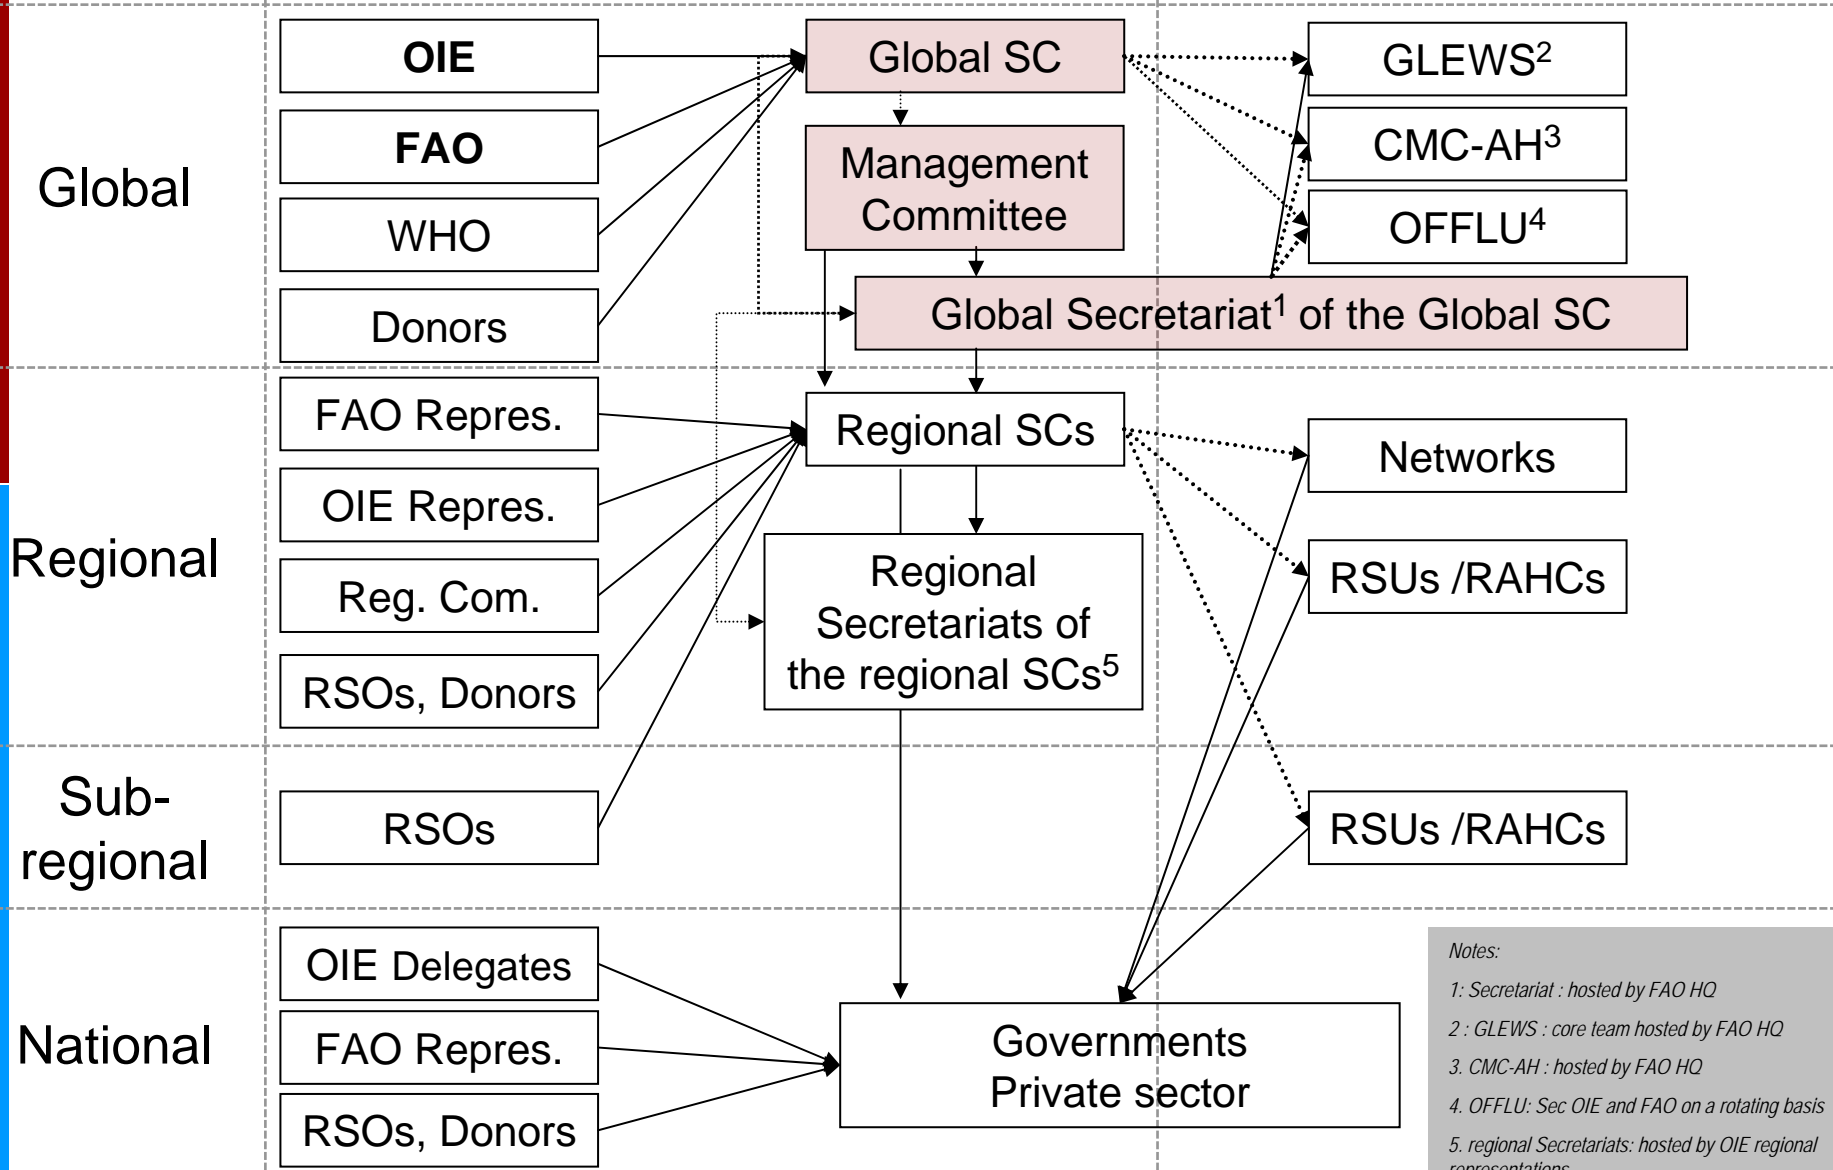

→ 5 Regional Steering Committees + 5 Secretariats (OIE regional representations) in place

- Asia, Tokyo, 7-9 March 2005
- Americas, Buenos-Aires, 14-15 April 2005
- **Europe, Paris, 13-14 October 2005**
- Middle East, Beirut, 6-7 April 2006
- Africa, Bamako, 28-29 April 2006

Global governance

Policy – Guidance

Implementation

Global Governance

Stepwise building of global governance:

- ToRs for the three global bodies endorsed during the Global SC2 (July 2009)
 - **Global Steering Committee (GSC)**: Advisory body to the MC
 - **Management Committee (MC)**: Decision-making body
 - **Global Secretariat (G Sec)**: coordination, facilitation and monitoring body
- Composition of the GSC and MC agreed during the SC2
- Global Secretariat officially launched in July 09; based in FAO HQ

Meetings

- Global SC1 (Rome March 08); SC2 meetings (Rome; July 09); SC3 (Paris; September 10)
- MC1 (February 10); MC2 (July 10)

Global Governance

Forthcoming work program:

- Finalization of the 2nd GF-TADs evaluation
- Elaboration of a 5-year Action Plan (global and **regional** activities), and associated budget
- Fund raising
- Implementation of global activities: meetings (Stone Mountain; Hanoi); strategies; guidelines (RAHCs); **working groups (FMD; RVF)**; etc.

(this is basically the summary of the SC2 and MC1 recommendations)

Regional Governance

2nd GF-TADs evaluation recommendations (to the RSCs):

- Reinforce the roles (governance and technical) of the RSOs and RECs in the Regional Steering Committees
- Develop relations between the global and regional levels (both-way information; support from the GSC to RSCs in terms of disease socio-economic impact assessment, control strategies, etc)
- Enhance 'cross-fertilization' among the RSCs
- Promote a RSC' synthetic approach for the control of priority diseases (notably links between RSCs and RSUs/RAHCs to be reinforced)
- Ensure RSC meetings on a yearly bases. Improve effectiveness of RSC meetings holding them back to back with regional meetings (projects SCs on priority diseases or regional workshops).

Regional Governance - GF-TADs for Europe

ToRs for the RSC and Regional Secretariat established during the SC1 meeting (Paris, October 2005)

Composition (as agreed during RSC2)

FMD recommendations SC 2 (July 2009)

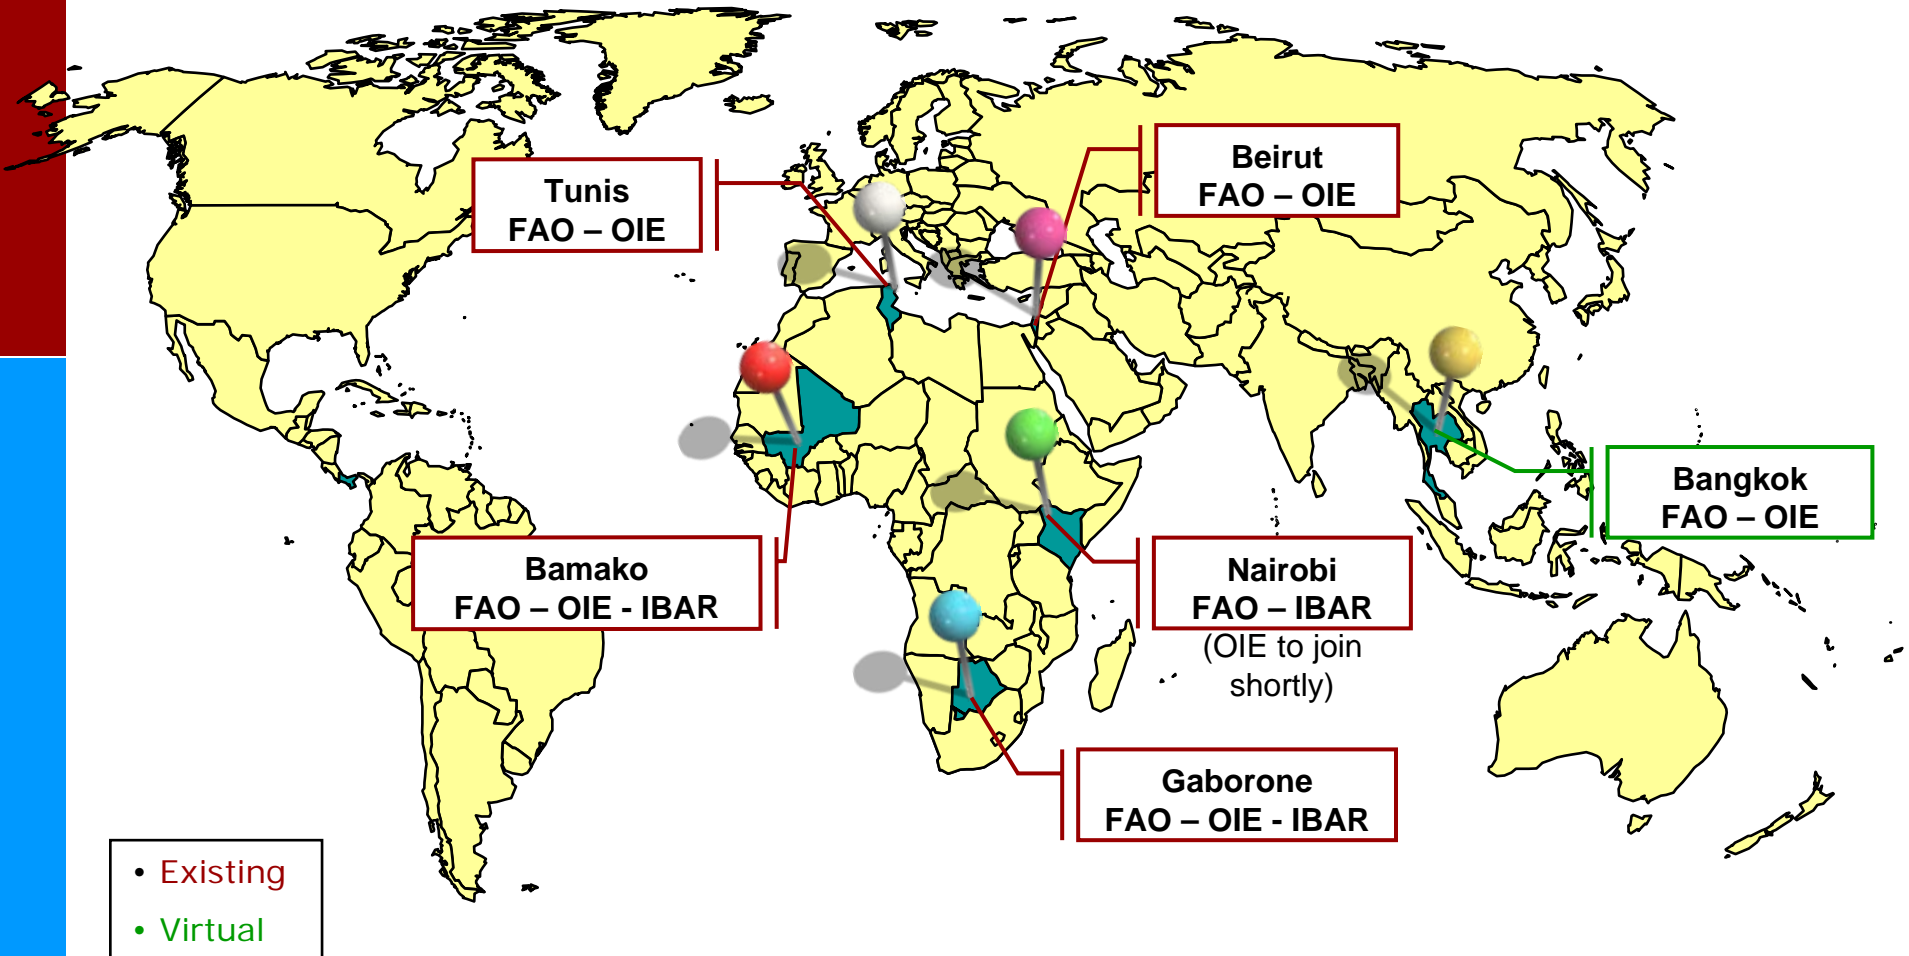

- 55: Lots of progress has been made regarding FMD awareness and control strategies [ppt FMD]. Notably a Progressive Control Pathway (PCP) developed by FAO and its partners and supported by OIE has been presented during the FMD regional workshops (Shiraz, Nairobi and Beirut) and the Asunción International Conference (June 24-26 2009). It will be used as a base for the development of a full progressive global control strategy which is currently under development, with a control target set for 2020 [Rec 14];

GF-TAD's SC2, continued

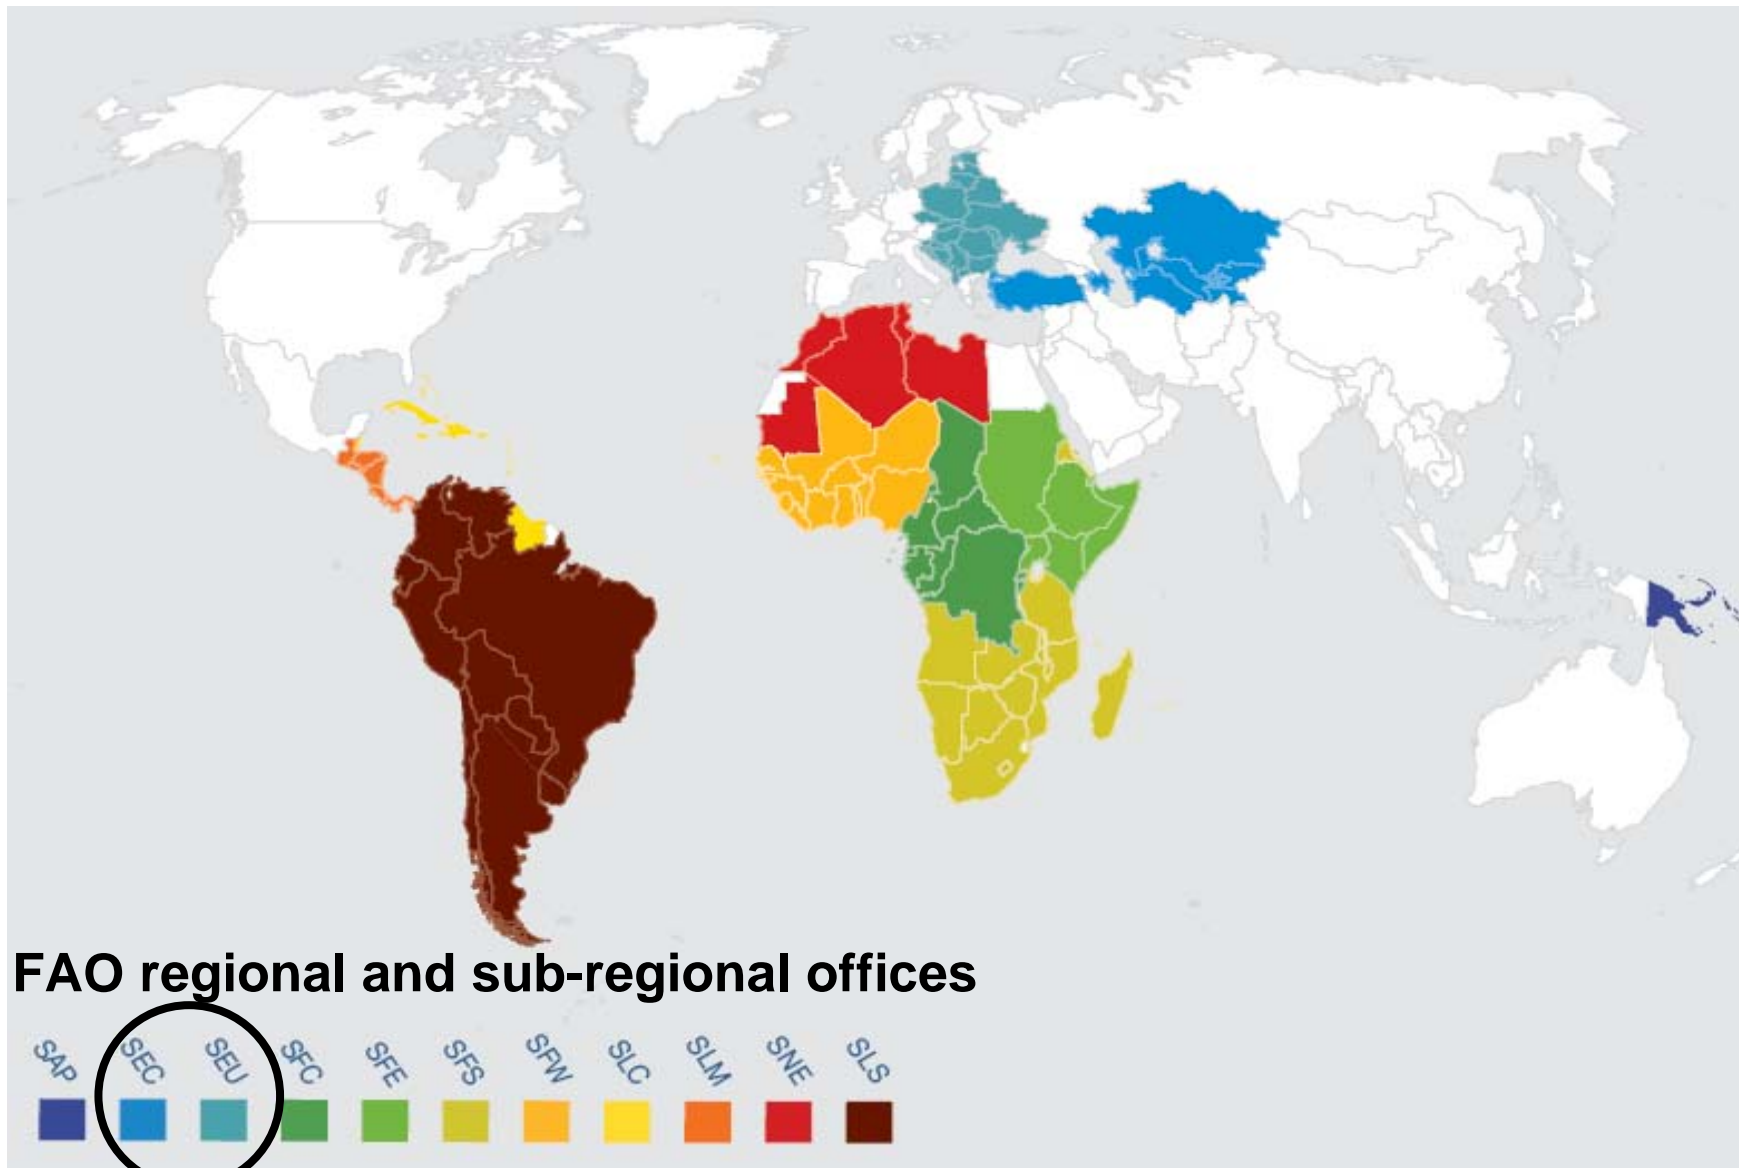

56: The SC2 decided to establish a GF-TADs Working Group for FMD to ensure the proper follow up of the Asunción recommendations as well as to fine tune the PCP and its related strategy [Rec 1].
