\* provisional status given to the country (countries had six months to provide additional information including Control Plan; if no, they will be downgraded to the previous stage)  
 \*\* country/zone having entered the OIE pathway for recognition of an FMD free zone with vaccination  
**FwV** : Free with vaccination      **FnV** : Free without vaccination

## Main outcomes

1. the commitment of regional cooperation in control of FMD and PPR is confirmed
2. the timetable for the regional vision is updated;
3. the international organizations confirm their assistance to countries to progress along the regional Roadmaps;
4. for FMD Roadmap - the global strategy thus far has been successfully implemented in the 14 countries of the West Eurasia roadmap, where 2 countries are free with/without vaccination and 1 with endorsed NAP

## Main challenges

*(taken from 8th West Eurasia FMD Roadmap Meeting )*

1. political commitment and financial support for the control programme;
2. geopolitical differences that affect regional ownership;
3. the appropriate legislation;
4. strategies to engage with the private sector;
